

## CORE VALUES - Church Sample #5

The following represents the core values that we at Our Church are passionate about and aspire to reflect in our very essence of who we are as a Church

### **1. Biblical Teaching**

We lead people out of a deep conviction and commitment to God's Word, so that together we grow in our love and application of it.

### **2. Biblical Worship**

We glorify God and experience His presence through corporate and personal worship that is God centered, life changing and based on biblical principles, resulting in expressions of gratitude, honor and service.

### **3. Prayer**

We elevate communication with God as an essential means for personal transformation and effective ministry, which pleases and honors Him.

### **4. Evangelism**

We actively build relationships with non-believers to communicate the gospel of Jesus Christ through word and deed, both locally and globally.

### **5. Equipping & Multiplying Disciples**

We equip followers of Christ to cultivate their spiritual lives in order to nurture Christ likeness and reproduce ministry in others.

### **6. Biblical Community**

We intentionally facilitate nurturing community environments where we encourage, challenge, and hold each other accountable in the process of spiritual growth and Christ like relationships.

### **7. Servant Leadership**

We reproduce servant leaders who are committed to ministry teams and consensus in prayerful dependence on God's word, the Holy Spirit and one another. This begins with the Elders, who have the final responsibility for guiding and shepherding our congregation, and continues to all ministry areas.
